At the Opera House in Rome it is consumed the most important murder in history: the one of Julius Caesar, the main character of the opening of the season 2021-22.

Who could speak of the ancient and superb Rome better than him: the protagonist of great battles, from the conquest of Gaul and the passage on the Rubicone river, until the fatal date of the Ides of March, when he was assassinated?

"I have staged one of the main crimes in history, and I have found many similarities between it and the betrayals of today's politics. We are in agreement with our director Robert Carsen: this is the right title for our times". (Giorgio Battistelli)
