

SPORTING CLUB OSTIENSE

SWIMMING POOL SUMMER SEASON 2021
Promotion for Coop Members

Sporting Club Ostiense is a large sporting center located near EUR, in an area easily reachable thanks to the Metro B stop Marconi. For your ease, we provide an ample and free parking area with over 1,500 cars! We are far from the city hustle but just a step away from your office location, enabling you to spend your free time in full relax and in a wide open green area. These are also the characteristics of our extraordinary semi-olympic swimming pool (25 m x 12.5 m) where during the summer period, from 15 May to 5 September, you can find at your disposal: beach bed, beach umbrella, tables, chairs, dressing rooms, security safe, inflatable play area, parking, party area: all included in the price! For the time being only external showers are allowed, and the utilization of your own hair dryer. It is still mandatory to always wear a mask on location, both inside and outside. Free swimming, acquagym and bathing are now available only by reservation by phone, email or WhatsApp.

The great news this season is the opening of a refreshment area (snack bar – quick lunches) by the swimming pool area.

In addition, we pride ourselves of being one of the first swimming pools where smoking is prohibited, as we take to heart the health and wellbeing of our customers, especially youngsters.

The Ostiense Sporting Club comprises also of padel fields, a large room dedicated to parties, tennis fields, and other fields for soccer (5-a-side and 8-a side football), 40 dressing rooms, 15 toilets (also for disabled), in addition to an ample parking area and a bar-restaurant.

The Ostiense Sporting Club is at your disposal every day from Monday to Sunday, from 8:30 to sunset. You will have the possibility to use the Club with our Daily Pass. We also offer our very convenient Summer Card which is not valid on Saturdays, Sundays and holidays, but you can still have access those days with a small cost increase. The medical certificate is mandatory. In order to meet your needs in the best way possible, we have adopted a formula that will give you the possibility, if not interested in staying the entire day, to have access to the swimming pool for three hours. Those three hours are effective from the time you enter the Club and always include all the other amenities available.
